**More U.S. Aid Rushed to Laos**

WASHINGTON, Saturday (AP)—Secretary of State Dean Rusk today announced that the United States would speed up its aid to Laos, which is fighting against the Chinese-backed North Vietnamese.

Rusk said the United States would increase its aid to Laos by \$100 million a year, and that it would speed up the delivery of the aid.

The United States has been providing aid to Laos since 1954, when the country was divided into two parts. The North Vietnamese, who are backed by the Chinese, have been fighting to reunify the country under their control.

The United States has been providing aid to the South Vietnamese, who are fighting against the North Vietnamese. The aid is in the form of money, weapons, and other supplies.

Rusk said that the United States would also increase its aid to the Laotians who are fighting against the North Vietnamese. He said that the United States would provide them with money, weapons, and other supplies.

# Vietminh Poised To Storm Luang Prabang

PARIS, Saturday (AP).— Communist-led Vietnamese invasion columns from the north and east grouped some 18 kms. from the royal Laotian capital of Luang Prabang yesterday, anxiously awaiting the arrival of more of their troops before attempting an assault on the town.

France-Laotian patrols stormed the hills and mountains surrounding Luang Prabang but reported "no contact" with any of the enemy's advance units. Heavy fighting stricken French planes, which have been constantly bombing enemy forces from the elements despite bad weather.

Allegedly meanwhile poured more troops and war materials into Luang Prabang and the France-Laotian forces are putting the finishing touches to to

to trying to get the Allies to agree to one part of the Communist plan before disclosing the whole, and said, "We have learned in the past from negotiating with Communists that this is a tricky procedure."

But he said emphatically the U.N. "have not rejected anybody as neutral custodian."

Although Lt.-Gen. Harrison had earlier expressed doubt about the acceptability of an Asian nation on the grounds it could come under the influence of Communist China, Washington officials said the U.S. would be willing to "consider India or Pakistan if and when the Communists renounce or the other.

town's defenses.

Days may pass before the Vietnamese forces are coordinated from the north and west for a full assault. This could give the enemy a strength of four divisions, or some 40,000 men.

The Franco-Laoian garrison which evacuated the post of Bac Mien Boe, 60 kms. north of Young Phang, nine days ago, was met by the capital French Union soldiers from Hanoi and boosted the defenders.

**BANDIT CHIEFTAIN  
JOINS CAMBODIA**

**BATONG, Saturday (AP). —** The noted rebel chieftain Puth Chay, who has been operating for the past five years in Cambodia, has come over with his 800 men to the King of Cambodia.

Puth Chay was one of the most feared chiefs who in 1945 took up arms against France. He was regarded by being at once anti-French and anti-Vietnam, and in fact, his activities were considered closer to strategy than nationalism, which was a cloak to cover his adventures.

bringing the total to 6,770 of nearly 1,000 more than originally promised.

**END BRAIN-WASHING**

**LOS ANGELES, Saturday (AP). —** U.S. Army doctors here said that American prisoners suspected of being brainwashed by the Communists have been taken to the Valley Forge army hospital in Pennsylvania for psychiatric treatment.

The prisoners were given a first medical check-up Saturday at the Washington military hospital, Douglas MacArthur Center, where they were wounded under the prisoner exchange scheme. All 15 were pronounced sane and sane in their homes in various parts of Britain last Friday.

The prisoners, who had been allowed to say how many of the prisoners in the official view had been brainwashed by Communist indoctrination.

**INDIA NEUTRAL IN ANTI-NEW WAR — NEHRU**

**BOMBAY, Saturday (Reuters). —** Prime Minister Jawahar Lal Nehru said today that India would keep out of any new war.

"We do not want war and we should desperately try to maintain peace. But in the event of any war breaking out, India will keep out of it," he said.

## U.S. Court Rejects 4 Major Charges Against Lattimore

WASHINGTON, Saturday (UPI). — A Federal Judge today threw out four of the U.S. Government's seven parity charges against the Far East expert, Mr. Owen Lattimore, including the key charge that he lied when he denied he was a promoter of Communism and Communist interests.

U.S. District Judge Luther Youngdahl dismissed the four counts in the indictment on grounds they are unconstitutional. He ruled that Lattimore would be tried on the other three counts, but said there is "serious doubt" whether those counts "can ultimately pass the test of materiality so as to present a jury issue." That will remain to be seen during the trial.

The Judge ruled that the trial may proceed on three counts in the indictment, but that the Government should state that he did not know until 1945 that Dr. Chen Tsiang-shi was a Communist agent.

...worked with all the Institute of Pacific Relations and was elected a member of the board by the faculty Sub-committee.

That he was destined to hush up all the war-time activities of the Washington office after Hitler's invasion of the Soviet Union, whereas the fact was that nothing even began to happen until the Russian and East Germany were still alive.

That he would be never handled on the side of the late President Roosevelt. The United States said there was no such thing as a written plan. Curtis said that was a written plan.

**MRS MYERSON OPERATED ON**

NEW YORK, Saturday (AP). — Israel Minister of Labour Golda Myerson had an emergency operation at Mt. Sinai hospital here on Thursday for a gall bladder

drive by East German Communists during March was combined with an increased campaign of persecution of Protestant groups. Mr. Irving Brown, chairman of the American Jewish Committee, told its Executive day.

We have mounting evidence he said, "that neo-Nazis and Communists are working for some common ground."

**Independence Holiday In South Africa**

POST Correspondent  
JOHANNESBURG (Air Mail).—Large Jewish Independence Day celebrations were held throughout the Jewish centres of South Africa on the day before Independence Day.

In Johannesburg there were outdoor festivities for the children in Balfour Park in the morning. In the evening an audience of 2,000 filled City Hall long before the scheduled opening time. A programme entitled "We Face the East" was presented, illustrating South Africa's part in building the State of Israel.

A number of films of outstanding events in the life of the State were shown, a combined youth choir rendered Israel songs, and Israeli dances by local youth groups also opened the narrative of five years of statehood.

Chief Rabbi Rabinowitz made a forceful appeal for the strengthening of Israel and recited the Prayer for the State of Israel. Mr. S.M. Kuper, Q.C., chairman of the Zionist Federation, said that for the first time in 2,000 years the danger to a portion of our people had been championed by a Jewish State whose voice had reached the tribunes of the world.

Other speakers were Mr. Hyman Miller, Mayor of Johannesburg; Mr. I. M. Kuper, Chairman of the Board of Directors, Rabbi Kookovky, and Mr. C. S. Hyman, the Israeli Minister, who asked South African Jewry to help Israel absorb additional immigrants.

On Independence Day itself the Israeli Minister in Pretoria and the Consul-General in Johannesburg were at Home to large numbers of guests.

The general press carried prominently the Independence Eve statement of Mr. Ben Gurion concerning the preservation of Israel's frontiers, which was also heard on the radio.

**THE WEEK AT THE STOCK EXCHANGE**

**Firm Trend as Jewish Agency Withdraws Loan Appeal**

TEL AVIV.—Last week's striking feature was the announcement of the Jewish Agency's last minute withdrawal of their appeal concerning the 5% National Loan. Therefore, the decision of the lower Court became final that interest and repayments of the National Loan which became due after February 13, 1952, are subject to the third exchange rate. Consequently, National Loan was not quoted on the stock exchange.

As a further result, Tavei Dollar rose on April 26 by 6 points to 2104 coupon and 209 coupon, since a similar rise in the Tavei Dollar is now expected. Meanwhile, however, owing to profit-taking Tavei Dollar dropped on Wednesday to 2094 coupon and 204 coupon.

The general trend was firm. Palestine Potash remained buyers only, rising by 2 points to 184. Palestine Potash (London Register) rose by 11 points to 102 Wednesday, against 100 in the previous week, and Israel Register from 104 to 108. Ata and Kurdistan were in demand, and Africa-Palestine also recovered to 121. The 5 1/2 % Government Loan reached 84 on the free market, but dropped to 82 1/2 on April 26.

**Eight Keys Needed For Bank Safes**

Jerusalem POST Reporter  
You would need at least eight keys to open one of the small safety deposit boxes in the old city of Jerusalem, located in the heart of the Old City.

Moreover, you would first have to convince the police of the box's need and of the fact that the box is not a safe, but a key.

The 1,000 boxes were installed last month after arriving from England where they were manufactured by the Chubb Company, and the Jerusalem safe firm, is now one of the most modern in the country. To go in the box, the door to the safe-room has first to be opened simultaneously by two bank officials.

The air in the safe-room is artificially ventilated. Constructors here wanted at first to force ventilation pipes through the ferro-concrete walls, but the engineers of Chubb refused to agree: the pipes might eventually be used to push explosives through to the safe-room.

Box within Box  
Inside the room the walls are lined with the boxes, each of which has two combination keys: one with the official—present in the safe-room and the second, of which only one has been manufactured, is with the owner of the box. In addition, in the box itself there is another iron box, which may be closed by the owner's special lock.

**Rivat Labour Press Gives Varied Expression to May Day**

"Davar" and "Omer" (Hahadash), "Kol Ha'am" (Communist) and "Hader" (Socialist), all publish special editorials and supplement in connection with May Day. "Al Hahadash" carried a special appeal in both Hebrew and Arabic according to its tradition. A large number of articles in "Kol Ha'am" and "Al Hahadash" deal with various aspects of Communist theory and practice and Y. Rabin, a former follower of Dr. Gahal, writes against Dr. Gahal's tactics.

Michael Aharon writing in "Davar" welcomes the renewal of the solidarity between the Jewish and Arab workers in the light of the decision to open the gates of the Histadrut to Arab workers.

"Omer" surveys the position of workers in the Arab countries, noting that they are forbidden to organize and to strike, and that their present rulers do their utmost to suppress all working class activities, be it through trade unions or political action.

Idea Has Degenerated  
"Hahadash" (General Zionist) is critical of the form of the May Day celebrations and says that the great idea of social liberation has degenerated in the hands of the politicians, and the symbol of the Jewish nation and intolerance, rather than the struggle for liberty.

**Hard Hit Village Gets New Contract**

HAIFA, Saturday.—A contract for the sale to Yehuda of all agricultural produce from Kfar Omer was signed here by the village secretary, Mr. A.R. Yehuda, recently. The Indian settlers there have been struggling for three years to become a successful farming village and after many privations hope to sell their first produce, 40,000 tons of grain, oil, and other products.

The settlement has also planted 100,000 tons of cereals and 50 of manure in addition to the family land, five quarters of land around their houses and had sown three quarters of a dunam tobacco. The situation of the village has improved greatly of late.
